Packing and Shipping:

For packaging and shipping Unsalted Tomato Juice, the following steps must be taken:

1. Place the tomato juice in a safe and secure container that is designed to prevent leaks and spoilage during shipping.
2. Securely close the container with a lid.
3. Place the container in a box that is large enough to accommodate the container and provides enough extra space for proper cushioning.
4. Fill the extra space in the box with packing materials such as bubble wrap, foam, or newspaper to prevent the container from shifting during transit.
5. Seal the box with packing tape.
6. Label the box with a shipping address and other information as needed.
7. Place the box on a pallet or in a shipping carton for additional protection during transit.
8. Ship the box via a reliable and trusted shipping company.
