Protein	0g Per 100ml
Energy	198 KJ Per 100ml
Carbohydrates	11.2g Per 100ml
Sodium	6 Mg Per 100ml
Nutrient Reference Value	Energy 2%

This unsalted tomato juice is a great alternative to sodium-laden ketchup or tomato sauce. It is a low sodium tomato juice, containing only 6mg of sodium per 100ml. With 0g of fat and protein per 100ml, it is a healthy choice for those watching their calorie intake. This salt-free tomato sauce concentrate is perfect for those looking to reduce their sodium intake without sacrificing flavor.

Applications:

This low sodium tomato juice is perfect for a variety of occasions and scenarios. It can be enjoyed as a refreshing drink on its own, or as a base for cocktails and smoothies. It can also be used as a healthy ingredient in cooking, such as in soups, stews, and sauces. For example, it can be used as a base for a low sodium tomato sauce, perfect for pasta dishes or as a dipping sauce.

Not only is ARKHUM's low sodium tomato juice a healthier option, but it also contains zero fat and zero protein per 100ml, making it a great choice for those who are watching their calorie and nutrient intake. It also contains 2% of the nutrient reference value for energy, providing a quick and easy boost of energy when needed.

Some specific scenarios where ARKHUM's low sodium tomato juice can come in handy include:

As a refreshing drink during and after a workout

As a base for a healthy smoothie or juice blend

As an ingredient in a low sodium tomato soup

As a healthy dipping sauce for vegetables or whole wheat crackers

As a base for a low sodium tomato sauce for pasta dishes

Overall, ARKHUM's low sodium tomato juice is a versatile and healthy option for anyone looking to enjoy the delicious taste of tomato juice without the added sodium.
